Producing Plate at the Foundry

First make 2,500 square plates, each two millimetres thick. Then, keeping the rollers at the two-millimetre setting, run these sheets through the rollers two at a time.

Pennies in Palgrave

Put the coin at the bottom of the vertical arm **ON TOP OF** the coin at the top of the vertical arm.

| 2: defective | 7: forecast who |
| 3: mettle | 8: eminent |
| 4: Healthy healthful | 9: me |
| 5: imply | 10: further |

Ethan Finds the Way

Ethan positions the post to point the appropriate sign at the village he recently passed through. He then follows the direction of the sign pointing to Silver Creek.
