

PUZZLING SOLUTIONS FOR AUTUMN 2020

**The Empty Triangle**

A square should be in the empty triangle. Adding the numbers around each triangle results in odd and even numbers — circles are odd, squares are even.

**Letter Locales**

climate

**A Little Toughie**

In each word the alphabet number positions of the first and last letters add up to 22.

**Know Your Colours**

It's a ranch-style house and as such has no staircase.

**Silas Renarm at the Orangeville Fair**

Invert 3-4, 4-5, 2-3.
